

SOVEREIGN SCROLL — RIGHT TO TRAVEL

I, Richard G. Strmiska — a living, breathing natural man and descendant of Source, standing in the jurisdiction of Universal/Common Law and the Most High, hereby declare, assert and record my sacred Right to Travel and my non-consent to all commercial/statutory impositions which would treat me as a corporate fiction, strawman, or subject of a commercial registry.

DECLARATION OF RIGHTS

- I assert my inherent Right to Travel freely upon the commons and public thoroughfares as a living natural man, not as a subject of corporate registration, licence, or requirement for commercial insurance as a precondition of movement.
- I am not engaged in commerce, for-hire activity, or commercial enterprise of any kind. I am traveling privately from point A to point B.
- I accept moral and personal liability for my conduct and the operation of my private property consistent with common law obligations of care and non-maleficence.
- I do not consent to compelled contracts, insurance mandates, or registry control.
- NOTICE: Any attempt to treat me as a commercial entity, to compel contract, or to impede my Right to Travel is aggression against a living man under the Most High, governed by Universal Law.
